

RIDING APPAREL AND EQUIPMENT LISTS

FOR ALL EQUINE STUDIES MAJORS, MINORS, AND ELECTIVE RIDERS

All items listed are required unless noted as optional.

Note to all New Freshmen or Transfer Students:

The Equine Studies Department recognizes that the list of items below, while extensive, is necessary for our program and for you to own as an equine professional. If you have any questions, we recommend that you wait to purchase any items in question. The University will offer a trip to a local tack shop during Orientation Weekend as well as other trips throughout the semester. Many of the local tack shops offer a discount to Centenary students. The Equine Faculty feels strongly that you wait for their guidance if you are unsure. Some suggestions of what not to buy if you are unsure: helmets, show breeches, tall boots, show shirts and jackets, and saddles! In addition, some team coaches have specific requirements on their show clothes and they would be more than happy to help you during the first few weeks of school.

Donation Item for all New Students:

Each year the incoming freshmen class donates a required item on the Equipment List to the Equestrian Center. Because of your donation, over the next four years of your college career you are welcome to use the University owned items at any time as needed rather than purchasing those items for your personal use.

For the Fall 2018 semester, all new students must donate the following:

Last name beginning with A-L

TWO (4 wraps total) PACKAGES OF PILLOW WRAPS (12" or 14", white)

*Pillow wraps must have quilted flannel inside, please DO NOT purchase "no bows". If uncertain, please wait to purchase!

Last name beginning with M-Z

1 SET of CLIPPER BLADES

Size options: Andis 10 or T-84

DEADLINE FOR HAVING ALL REQUIRED APPAREL & EQUIPMENT

As an Equine Studies major, minor or elective rider, YOU WILL BE REQUIRED TO HAVE ALL OF YOUR RIDING EQUIPMENT AND APPAREL BY THE START OF THE SECOND WEEK OF SCHOOL. Equine instructors may inspect both your apparel and your equipment AT ANY TIME. If important items are missing, you may have your riding privileges suspended until the proper items are acquired.

GENERAL

Explanation of Helmet Policy:

Proper protective headgear is an essential piece of equipment in all equestrian activities. Since all equine-related activities have some element of risk, the Equine Studies Department requires that all equine students wear ASTM/SEI (American Society for Testing and Materials/Safety Equipment Institute) approved helmets, with harness secured, when mounted at the Equestrian Center. Instructors have the right to check that students are wearing ASTM/SEI approved helmets with harness secured; however, it is the student's responsibility (parent or guardian in the case of someone under eighteen) to ensure compliance with this rule. It is also the student's responsibility to see that the helmet fits properly and that it is worn as indicated. Please be aware that if a helmet is subjected to concussion, it should be checked for damage and replaced if there is any chance that the structural integrity of the helmet has been compromised.

Lockers

All students will be assigned one locker in the locker annex in which they may store equipment. Lockers will be assigned at the beginning of the year. You may not switch lockers without prior approval from Management. You may lock your assigned locker. You must empty it at the end of the academic year. If it is not emptied at that time, it will be opened by the Equestrian Center Staff and the contents will become the property of the Equestrian Center.

Saddles

School Saddles are available for student use. They range in size from 16 ½" - 18", and fit the majority of students. You are welcome to use these school saddles as long as you take proper care of them. Every student is encouraged to bring a saddle if he/she owns one. If you do not currently own a saddle, but are considering purchasing one, it is suggested that you check with your instructor regarding the best type and fit that will meet your needs. All saddle pads must be washed after each ride. You must make your own arrangements to wash your saddle pads and girth covers and may not use the washer and dryer at the barn. This is for facility use only.

Equipment

Any equipment not included in the required list will be provided by the University for the school horses. Items such as bridles, girths, breastplates, martingales, body clippers, blankets, coolers, medical supplies, standing 'pillow' wraps, and other articles necessary to properly care for the horses are furnished by the University for your use.

Please take care of all of your own equipment, as Centenary University will not be held liable for anything missing or damaged while at the Equestrian Center.
